

45th Parallel Chapter Gaylord Michigan #1161

Half way between the Equator and North Pole!!

Welcome to the 45th Parallel H.O.G. Family

Our chapter's territory extends from the southern Grayling & Kalkaska area to
Sault Ste. Marie North and Alpena East.

Our main objective is to Ride and have fun!!

The Chapter meets the second Sunday of each month at the Otsego County Fire Dept. 811 S Wisconsin Gaylord, MI 49734-0954

We have a full calendar of Events planned for each month throughout the summer and into the winter months. We try not to lose track of our brothers and sisters when the snow flies.

Our officers can be reached at any time by e-mail or by phone. The list of officers and contact information is available on our website, and on the front page of the 45th Parallel Newsletter. Our newsletter is emailed monthly to our members who prefer to receive it by email, or you may prefer to have your copy mailed to you, just let us know when you renew your membership or any time by contacting either the membership officer or the editor. Your name will be removed from our mailing list and help us reduce the cost of monthly postage. If you have any questions, suggestions, or need information, please contact our officers. They will be very happy to be of assistance.

Becoming a volunteer by offering a lending hand at our various events will help you become a vital part of our family. Volunteering will enable you to get involved in the events, meet chapter members, and become part of it all! There are signup sheets available at the dealership. Each event you help out with allows you to accumulate points toward each year's TOP HOG award.

We also maintain a website with updated information as it becomes available. You can view it online at:
www.45thparallelhog.com.

Our monthly newsletter is also available on line however it is password protected. If you require the password please contact Dave at: www.energy4550@hotmail.com or any of the 45th Parallel HOG chapter officers.

Ladies of Harley

The 45th Parallel Ladies of Harley@ are a group of fun, intelligent, creatively talented, and dedicated ladies, who strive to have fun and ride. We are a very diverse group of women of different ages, backgrounds and professions who work together to make our events worthy and enjoyable.

Whatever the preference, riding solo or co-riding safely, having fun is a priority. We get together twice per year for a weekend to plan, create and just let loose. We sponsor bake sales, boot shines and a charity fund drive that begins in October and ends with a cook off the following spring. The funds raised are donated to a variety of charities throughout the year and a large amount is donated to local health agencies that support breast and cervical cancer screening for under-insured women.

No idea is a bad idea and we hope that all ladies interested will participate and join our wonderful group. There is no additional fee for members to belong to L.O.H. Need more information on participating or becoming an L.O.H. member?

Contact our L.O.H. Officer and she will be happy to assist you.

Events

Chapter activities are conducted primarily for the benefit of H.O.G. Chapter members. Activities are identified as follows:

- Closed events are those chapter events, which are open only to chapter members and one guest per member.
- Member events are events that are open only to H.O.G. members.
- Open events are those chapter events, which are open to chapter members, national H.O.G. members, and other guests as desired.

Alcohol Policy

The consumption and use of alcohol is a serious personal responsibility involving the safety and welfare of family, riding friends and the individual H.O.G. member. Alcohol consumption before or during motorcycling activity is not safe, responsible behavior. For this reason our chapter has implemented a policy in which NO alcohol is to be consumed or used on any of our rides. If you choose to consume alcohol before riding, you cannot join the ride. If you choose to consume alcohol while riding, you WILL be asked to leave. Once our ride reaches its destination, the ride is considered ended. At that point you can do as you desire, however, we strongly recommend you practice good judgment.

You can receive an Activity Points Pin and accumulate points toward the TOP HOG award by attending and/or volunteering at our Chapter Events. Here is a rundown on how to earn Activity Points:

Group Riding

Riders Edge

Please take the time to familiarize yourself with the information below.

The 45th Parallel Chapter conducts group rides for the benefit of its chapter members. We strongly encourage everyone to participate in the Riders Edge Class. By attending this class you will learn how to safely ride with a group. Let contains information that each member is expected to know and observe so that everyone can participate in our rides, ride Safe, and Have Fun. All members are encouraged to attend the class prior to participating in group rides with our Chapter. Our Road Captains or Officers will have more information to help you get enrolled in a class.

Group Riding Tips

Group riding requires an extreme level of awareness and concentration.

Know your limits and ride within them; never ride above your ability.

* Mental * Physical * Motorcycle * Environment * Experience Level

➤ Come to the ride prepared.

* Arrive with a full tank of gas and an empty bladder

* Bring appropriate riding gear for the expected range of conditions

- Maintain a constant speed. This helps prevent the "rubber band effect".
- Novices or riders that are new to group riding should ride at or near the back of the group.
- Always ride in a tight but courteous staggered formation or single-file line.
- Your eyes should be watching a few bikes up the road from you, not fixed on the bike in front you. Always be looking at least four seconds ahead.
- Riding side by side is very dangerous and against the law in some states. The only time bikes are to be side by side is when the group is stopped at an intersection.
- Ride in a staggered or single -file formation, do not pass the bike in front of you.
- If a turn or exit is missed, stick together as a group; proceed to the next intersection/exit, then return to the correct location.
- When in a tight curve, the rider on the outside of the curve is required to give room to the rider on the inside in case the curve is too tight to negotiate at that speed without crowding.

Chapter Rides

Ride Selection and Scheduling

The Chapter rides are selected and scheduled by the Chapter Officer's and Road Captains. The rides are normally scheduled at least two months in advance.
